

Joint Solutions and Technology

CAPABILITY STATEMENT

COMPANY SUMMARY

Joint Solutions and Technology (GST) is a U.S. based, Service Disabled Veteran Owned Small Business. A joint venture of Guerrilla Solutions and Technology and Philia Strategic Consulting, JST offers experience in application and software design, platform automation, and technology consulting, all accompanied by an unwavering level of commitment. Our responsive and adaptable team consists of highly qualified U.S. military veterans who serve as our business managers, technology consultants, app developers, data management specialists, and cyber security technicians.

CORE COMPETENCIES

JST brings numerous applications and software solutions to bear, allowing us to create tailored, comprehensive technology solutions for our customer's specific needs and goals.

Applications and Software Design: Online Loan Applications with e-Signing, Video Streaming Service, Retirement Calculator (401k, IRAs, Pension, SSA), and several Administrator Dashboards/Reporting apps.

Cyber Security: JST's cyber security specialists are all Certified Information Systems Security Professional (CISSP), offering our customers the highest quality tailored cyber security programs.

Cloud Based Solutions: JST specialists have experience in enterprise solutions including Salesforce and Cloud Access Security Broker (SkyHigh), allowing us to work within your existing technology solutions or create new, custom solutions.

Remote Team Management: Currently, GST does not retain a dedicated team of on-site technicians to support projects outside of the continental United States, but, with prior consultation, our team is capable of virtually managing a project while employing sub-contracted technicians to perform off-site projects.
